Yancey News.

After an absence of several weeks I will send in a few items of news from this vicinity.

A very successful protracted meeting of ten days duration came to a close Sunday night. The meeting was conducted by Rev. J. A. Pledger, pastor of the Methodist church. Miss Rose Brack, an evangelistic singer of San Antonio, assisted Bro. Pledger in the meeting. There were ten additions to the church.

Misses Julia Childress and Georgia and Mary Newton are at home again after attending the Normal at Hondo. Prof. Hickman and family have moved to Yancey and are occupying their new home near the school building.

Fritz Faseler and family attended a wedding in San Antonio the latter part of last week.

Messrs. J. P. Nixon and Gladden McAnelly spent several days at the ranch recently purchased by Dr. Nixon of Gonzales. H. G. Wilson and family are also enjoying a trip to the mountains and incidentally visiting Dr. Nixon who will reside at his ranch fifteen miles north of D'Hanis.

Will Nester of Hondo passed through here Monday with a bunch of fat cattle which he had bought of S. P. Childress.

Polk Childress has been on the indisposed list for several days but is able to be up and about again.

Mrs. J. D. Brown of Seguin is visiting W. H. McClaugherty and family.

E. G. Garwood and family and R. H. Ward and family of Hondo attended church here last Sunday. Oh, yes! by the way, Walter McClaugherty was also at church, eh?

Cotton picking has begun in this neighborhood and some ten or twelve bales have been ginned to date.

The new dwellings of Joe Burgin, L. Faseler and F. W. Oefinger are nearing completion.

Joe and Parker Burgin have bought a cane mill and are busy making molasses. Yancey folks won't have to go to Quini to get "lasses" after this.

Horace Burgin and wife left Friday on a visit to Sutherland Springs. Mrs. Parker Burgin is also visiting at that place.

Franklin Harrell of Big Foot visited relatives in Yancey last week. He was accompanied by Paul Harrison of Moore.

W. H. McClaugherty and H. N. Burgin went to Moore on business Tuesday.

Mrs. Herman Faseler is enjoying a visit from a friend from Austin, Miss Richter, who will spend some time visiting here.

Charles Pledger, a fire insurance agent, arrived here Tuesday. Mr. Pledger was formerly a Baptist minister at Hondo. He is a cousin of Rev. J. A. Pledger.

Martin Tomerlin and Miss Erie Butts were married Tuesday. They will reside at the Butts Settlement.

Dr. Liles and H. N. Burgin made a business trip to Hondo Wednesday.

Miss Annie Gronewald left Monday for Rio Town where she intends to remain for some time.

Miss Annie Hardt of New Fountain is here on a visit to her sister, Mrs. H. W. Gronewald.

The members of the family of H. G. Hardt, of whom five were sick with typhoid fever for the last four or five weeks, are on the road to recovery, although very slowly, and there are hopes entertained for the recovery of the entire family. Mr. Hardt has engaged two trained nurses from San Antonio who have been attending the patients. Mr. Hardt and family have the sympathy of the people of this vicinity in their affliction.

Rev. D. G. Hardt and family are here during the illness of the family, but expect to go back to their field of labor as soon as all patients are out of danger.

Grandma Pickett, mother of Messrs. Spurger and Canada, was very sick one day this week but we are glad to say she is getting better. Little Miss Emily Deward invited her companions to a birthday party Sunday evening.

Mrs. D. L. Williams returned Wednesday from San Antonio where she had been on an extended visit to her daughter, Mrs. J. A. Sevey.

Returns From Trip Abroad.

Miss Harriet Strohmeier, who has been abroad for nearly two months visiting the fashion centers of the Old World, arrives in New York today on the Holland-American liner Rotterdam. Miss Strohmeier, who is in charge of Joske Bros.' millinery department, will spend the balance of the month in New York.—San Antonio Express.

Miss Strohmeier is a cousin of our new townsman, August Kempf.

1914 ANNOUNCEMENT

PAIGE 36—\$1275

STILL MORE FOR THE MONEY —NO CHANGE IN THE PRICE

Gray and Davis Electric Starting and Lighting System

FOR the past season, the Paige "36" at \$1275 has been **RECOGNIZED** by **EVERYBODY** as such **EXTRA VALUE** that it has had no competition. Manufacturers and dealers with cars selling at similar prices have declared the Paige "36" "a gift" at the price. They haven't even **HOPED** to compete with it. They have been content to get their share of the business that we couldn't handle.

The equipment of the Paige "36" is universally acknowledged to be of a character and completeness only found on the highest priced cars. But bear this in mind—it is the Paige car itself, not its equipment that has demanded the consideration of the trade and public alike and that is responsible for its overwhelming popularity. Clothes don't make the man and neither does equipment make a motor car. It is the superior design, the unusual mechanical features, the power and flexibility of the wonderful Paige motor, the quality of materials and workmanship, and the splendid construction of the Paige "36" throughout that have kept the thousands of Paige owners, in all parts of the world, enthusiastic over their cars and made every one of them a Paige "booster". No amount of equipment could possibly accomplish this if the car itself was not right. When you come to look at the Paige car, if you are not an automobile expert bring one with you. You can judge the equipment yourself, but let him judge the Paige construction. He will tell you that entirely aside from the equipment, no other car has ever been produced at anywhere near the price that will give you as much in fine construction, power, economy, comfort and style as the Paige. These are the qualities on which it will pay you well to judge your motor car.

It is hard to realize that the price of the Paige "36" is only \$1275. A really big, roomy car; 116-inch wheel base; left side drive and center control, a powerful, quiet 4x5-inch Paige motor; unit power plant; silent chain drive for cam shaft, pump and generator; deep tilted 10-inch cushions and a score of other features of design and construction which place this car beyond competition. As for equipment, in every detail, from starter to tail lamp, it is all of the highest class.

Last year a lot of big men in the trade said we couldn't afford to sell the Paige "36" for \$1275, and that we couldn't continue that price. After three or four months the same big men in the trade—alarmed at our sweeping supremacy—said, "They are making a strong play for popularity now, but watch out for their 1914 price."

Well, the 1914 price is \$1275, just the same. Not a dollar added in cost to you, but look at the added equipment: Electric Horn, Jiffy Curtains, Combined Rain-Vision and Ventilating Windshield, Non-Skid Tires in the rear, and Ventilating Hood.

All of this is added on for 1914 and the price remains the same. If the Paige "36" has been sensational value this year—and for every car delivered there have been many purchasers waiting—what a value it is for the coming year! No other car approaches it in value at the price, and you would have to pay four or five hundred dollars more to find more value in any car.

This isn't "advertising talk." It is just the plain old-fashioned unvarnished truth and almost anybody that knows automobiles will tell you so.

Production has been increasing steadily in the factory and we are able to take care of more purchasers all the time now. The plant is working day and night. Deliveries of the 1914 models are being made as promptly as could be expected in the case of a success like the Paige "36." Our immense new factory is under construction and our removal to it will still further facilitate Paige production.

Above all things else, the Paige "36" deserves consideration first just as a car. But consider its equipment, too. Regular equipment includes the Gray & Davis electric starting and lighting system, Bosch magneto, rain-vision and ventilating windshield, genuine mohair top [tan lined] and boot, electric horn, Stewart revolving dial speedometer, 34x4-inch non-skid tires in rear, 12-inch electric headlights of parabolic design in black enamel and nickel, 5-inch electric side lights, flush in ash, crystal cut lens, 3-inch electric ruby light at rear, adjustable foot rest, nickel robe rail, demountable rims with extra top, jiffy curtains, extra tire irons, pump, jack, tools, tire repair outfit, etc., complete.

The 1914 season will be a distinctive Paige triumph. Keep that in mind. Just as the 1913 season has been a Paige triumph. Because in the Paige "36" and the Paige "25" the public finds extra value which no other car can give.

PAIGE 25—\$950

Electric Starting and Lighting System, \$75 Extra

From this date we will equip the Paige "25" with an electric starting and lighting system for \$75 extra. The car is designed to take the equipment, and it will be added at request. Present owners can also have this system installed on their car. Dealers will furnish prices and details. Think of this car, with electric starting and lighting for only \$1025. Wheel base, 110 inches; 32x34-inch tires; sturdy, silent motor, 34x4 inches; unit power plant; cork insert multiple disc clutch; wide doors; roomy body.

Previous models of the Paige "25" laid the foundation for the high reputation of the Paige car. For the past two years, especially, the "25" has been recognized as a splendid, reliable car at a low price. And all this time we have worked steadily on refinements and minor improvements many of which are found in this year's models.

Equipment of Paige "25" is very complete, including genuine mohair top, side curtains and top boot; ventilating windshield, built into body; speedometer; two black enamel and nickel gas head lights, three black enamel and nickel side lights and tail light; demountable rims, one extra; non-skid tires in rear; robe rail; linoleum covered wing boards; tire irons; horn, pump, jack, tools and tire repair outfit. Five-passenger touring car, equipped complete as above, \$950.

Oil Company Organized.

At a meeting of the promoters of the enterprise Thursday afternoon preliminary organization of the Hondo Oil & Development Co. was effected. This company owns a 60-acre tract of land in the proven oil region of the Caddo, La., oil field, and it is the purpose of the company to drill a well on its holdings.

The present directors of the Company are A. P. Sale of San Antonio, H. E. Haass, V. H. Blocker, Emil Grell, Aug. Schuehle, And. Schuehle and Fletcher Davis, of Hondo, M. A. Keller of Devine and L. W. Burrell of Castroville.

At the first meeting of the Directors H. E. Haass was elected President; M. A. Keller, Vice-President; A. P. Sale, Secretary and General Manager; and Fletcher Davis, Treasurer.

Application will be made at once for a charter and as soon as this is secured a limited amount of treasury stock will be sold and a test well sunk on the company's property.

The Caddo oil field is one of the richest oil-producing regions in the United States.

More About The Long Walk.

The Hondo Anvil man has been placed on the program for a speech at the Fort Stockton meeting, but he admits that it is both humiliating and inconvenient to walk while meeting his engagements. Hear him: "The editor of this paper has been placed on the program for a speech on How to Secure and Hold a Newspaper Circulation" at the meeting of the Southwest Texas Press and Commercial Secretaries' Association at Fort Stockton in August. It will be easy enough for him to tell them that if someone can tell him how to walk all of that distance without becoming winded."—San Antonio Express.

Hondo Davis says he is on the program at the Fort Stockton newspaper convention for an address on "How to secure subscribers and hold them," and will gladly tell how, if someone will tell him how to walk to Fort Stockton from Hondo without getting foot sore. Walk on your hands.—Eagle Pass News-Guide.

Commenting on the same lament, the Del Rio News advises: "Start early, walk slowly, stop, see Del Rio, and have a 'schooner' with us, then we can manage to arrange for a lower berth for you in a side-door pullman." If the News man would make it "several" schooners we might find Del Rio so deliciously delightful that we would decide to see it several times—both single and double—and not care whether we ever got to Ft. Stockton or not. Nope; the problem isn't solved yet!

I believe
That the feeble hands and help-
less
Groping blindly in the darkness,
Touch God's right hand in that
darkness
And are lifted up and strength-
ened.

—Longfellow,

FLETCHER Davis of the Hondo Anvil Herald was elected Secretary of the Texas Dry Farming Congress at Sabinal, and a photo of himself appears in his paper. He is a good looking chap alright, but he has that same "dry" looking expression on his face that Joe Boehmer had when he had his photo taken at Sabinal.—The Brackett News-Mail. That's most unkind to remind us of how dry it was in Sabinal. But the next Congress is coming to Hondo. 'Nuf said!

JOE Boehmer and Austin Callan have both promised to attend the big meeting at Fort Stockton in August, but only one of them will be seen at a time, as they have but a single suit between them.—Uvalde Leader-News. It's a base canard. I have half a dozen suits, and while I have not promised to be at Fort Stockton and make that meeting a success by the delivery of my speech, I am amply able to loan Callan and Hondo Davis a couple of suits each, so they may go.—Eagle Pass News-Guide. We believe Joe is trying to run a windy. If he isn't let him come across with the red rage!

Facts Worth Knowing

There are three entirely different kinds of ingredients used in making three different varieties of baking powders on the market, viz: (1) Mineral-Acid or Alum, (2) Bone-Acid or Phosphate, and (3) Cream of Tartar, derived from grapes. It is important, from the standpoint of health, to know something about these ingredients, and which kind is used in your baking powder.

(1) Mineral-Acid, or Alum, is made from a kind of clay. This clay is mixed with diluted oil of vitriol and from this solution a product is obtained which is alum. Alum is cheap, costs about two cents a pound, and baking powder made with this Mineral-Acid sells from 10 to 25 cents a pound.

(2) Bone-Acid, or Phosphate, is the basis of phosphate baking powders and the process is fully described in the patents issued to a large manufacturer of a phosphate powder. The U. S. Patent Office Reports give a full and exact description, but the following extract is enough:

"Burned bones, after being ground, are put into freshly diluted oil of vitriol and with continual stirring and in the following proportion," etc. From this Bone-Acid Phosphate baking powders are made; such powders sell from 20 to 30 cents a pound.

(3) Cream of Tartar exists in all ripe grapes, and flows with the juice when the grapes are pressed. The tartar is subsequently gathered from the cask, boiled with water, and refined, when crystals of Cream of Tartar, white and very pure, separate and are procured. It differs in no respect from the form in which it originally existed in the grape. Cream of Tartar, then, while the most expensive, is the only ingredient that should be used in a baking powder to act upon the soda, as its wholesomeness is beyond question. Cream of Tartar baking powders sell at about 40 to 50 cents a pound.

Such are the facts and every one, careful of the health of the family, should remember this rule:—Baking powders selling from 10 to 25 cents a pound are made of Mineral-Acids; those selling from 20 to 30 cents of Bone-Acid; and those from 40 to 50 cents of Cream of Tartar derived from grapes.

Mothers! Have Your Children Worms.

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, or irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt his mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. So Many People Die of Blood Poison.

A little scratch on the hand a splinter or small abrasion of the skin is often fatal because the poisonous germs start the infection. That is where Hunt's Lightning Oil comes in handy as an application on the abrasion, kills all germs which may have lodged there, thereby preventing infection and death. It pays to keep this remedy in the home, especially where there are children. All drug stores in 25c and 50c bottles.

Make John A Business Man - Mary A Business Woman.

Most parents did not have the advantages of a Business Training at their door, and are not satisfied to see their sons and daughters go through life as they have without this training.

They want to see their sons become bright-eyed, keen, alert business men, able to figure rapidly and accurately, to spell well, to write a good hand; to be able to draw up notes, deeds and mortgages. They want to see them in business for themselves, or on a good salary as bookkeeper or office manager.

They want to see their daughters obtain a salary-earning education that will make them independent, or that will enable them to use wisely anything which they might have bequeathed to them. They want their daughters to have an insurance against any misfortune which might come.

It is to this class of parents that SAN ANTONIO BUSINESS COLLEGE appeals most strongly.

Send us that son and that daughter, and if there is a man in the boy or a business woman in the girl we will surely develop it.

Write today for catalogue, terms and pictures of successful graduates. Address: H. C. Mitchell, President, SAN ANTONIO BUSINESS COLLEGE, San Antonio, Texas.

HERBINE

A Medicine of Power in All Liver Disorders.

When the liver is torpid, it throws impurities into the system, which hamper every organ in the body. The result is that functional processes are not properly carried on. Impurities get into the blood, the stomach is bilious, the kidneys weak and the bowels irregular—generally constipated. Herbine clears out all these impurities, opens up the obstructed channels, strengthens the torpid liver, cleanses the blood, purifies and regulates the bowels. After the system has been thus overhauled, there is an immediate improvement. Appetite returns, digestion is good, the spirits rise, the mind clears of gloomy forebodings and everything looks bright and cheerful, which means, sound, healthy conditions everywhere in the body.

Price 50c per Bottle.

WITH the last issue of the An-
vil Herald we completed the 27th
volume and with this issue enter
the 28th volume of this paper.
The present owner is grateful to
those of its friends who have
made it possible for the circula-
tion of the paper to grow from
less than two hundred and forty
copies weekly, when he took
charge of it, to the largest ever
known in its history and the
largest ever enjoyed by any pa-
per in the county. We have
tried to merit this generous sup-
port and hope to continue to en-
joy your favor and good will.

TESTED SCHOOL SHOES.

Look Better—Fit Better—Wear Better

"T" and "E" school shoes have become famous for their style, finish and long wearing qualities. Four pairs will outwear five pairs of ordinary shoes made for children's wear.

Many shoemakers yield to the temptation to use substitutes for leather in children's shoes, because of the high price of leather, but we have built up our business by selling honest leather shoes.

Cut up a pair of "Tess and Ted" or any other "Star Brand" shoes and you will find that they have sole-leather heels, soles and counters. No substitutes for leather are ever used. See No. 3130—a new model for boys.

Pure Shoe Legislation is pending in Congress and many states to protect you against fraud. We heartily endorse it. The rights of 100 million consumers are greater than those of a few hundred manu-
facturers.

Tess and Ted" school shoes are made in a hundred differ-
ent styles for boys and girls of all ages. They are designed to
properly fit the foot of growing children.

"Tess and Ted" school shoes and over 700 other styles
of "Star Brand" shoes are for sale by 20,000 good merchants.
Don't just go into ANY store and ask for them, but come
direct to our store. We are specializing on these famous
shoes.

The name on the sole and the "Star" on the heel
insures honest values.

"Star Brand Shoes Are Better."

Saved Girl's Life

"I want to tell you what wonderful benefit I have received from the use of Thedford's Black-Draught," writes Mrs. Sylvania Woods, of Clifton Mills, Ky.

"It certainly has no equal for la grippe, bad colds, liver and stomach troubles. I firmly believe Black-Draught saved my little girl's life. When she had the measles, they went in on her, but one good dose of Thedford's Black-Draught made them break out, and she has had no more trouble. I shall never be without

THEDFORD'S BLACK-DRAUGHT

in my home." For constipation, indigestion, headache, dizziness, malaria, chills and fever, biliousness, and all similar ailments, Thedford's Black-Draught has proved itself a safe, reliable, gentle and valuable remedy.

If you suffer from any of these complaints, try Black-Draught. It is a medicine of known merit. Seventy-five years of splendid success proves its value. Good for young and old. For sale everywhere. Price 25 cents.

YOU who require the best and purest medicine see that you get Foley's Honey and Tar Compound in preference to any other for all coughs, colds, croup, asthma, hoarseness, tickling throat and other throat and lung troubles. It is a strictly high grade family medicine, and only approved drugs of first quality are used in its manufacture. It gives the best results, and contains no opiates. A. R. Ellison, Taylor, Wis., says: "I always use Foley's Honey and Tar for coughs and colds because I find it a sure cure and a safe one."

"How about reference?" inquired the mistress. "Oh, I loike yer looks, mum," said the applicant for the position of housemaid, "an I won't ask yer for references."

The Best Pain Killer.

Bucklen's Arnica Salve when applied to a cut, bruise, sprain, burn or scald, or other injury of the skin will immediately remove all pain. E. E. Scratching For Fun

We would have great sympathy for those who have to scratch continually, if there wasn't a remedy for the trouble, but as Hunt's Cure is Guaranteed to cure or money refunded, it would seem that those who scratch do so just for the fun of it. It's a special remedy for Itch, Eczema, tetter, ring-worm, etc.

There may be other standards, but children agree that the last weeks of school are the longest time.

Calomel is Bad

Good Reason for His Enthusiasm.

When a man has suffered for several days with colic, diarrhoea or other form of bowel complaint and is then cured sound and well by one or two doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy, as is often the case, it is but natural that he should be enthusiastic in his praise of the remedy, and especially is this the case of a severe attack when life is threatened. Try it when in need of such a remedy. It never fails. Sold by W. H. Windrow.

The Mexican Situation

The trouble in Mexico has developed one fact of importance in the U. S., and that is that both the Federals and Constitutionists are firm believers in Hunt's Lightning Oil the great American remedy for neuralgia, rheumatism, cuts, burns and other aches and pains. No wonder, since it makes the pain go away almost at once. All druggists sell it in 25c and 50c bottles.

In this era of materialism, the great writers, in the estimation of most folk, are those who can write big checks.

Remarkable Cure of Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes B. W. Hill of Snow Hill, N. C. For sale by W. H. Windrow.

Said deed of trust having been given to said H. Becher for the purpose of securing the payment of seven certain

promissory notes of the same date with said deed of trust, to-wit: December 17, 1912, said notes executed by D. R. Williams and payable to the order of A. Becher at San Antonio, Texas, each of said notes being for the principal sum of \$1000.00, and due respectively one, two, three, four, five, six and seven years after their date, all of said notes bearing interest at the rate of eight per cent per annum, interest on all of said notes payable semi-annually, except on the first which is payable quarterly, said notes containing the usual stipulations with reference to the payment of ten per cent as attorney's fees in case of default and placing of same in the hands of attorneys for collection and also stipulating that failure to pay any note when due or installment of interest when due, shall, at the option of the holder or holders of said notes, at once mature all of said notes and make same due and payable, and providing further that if default should be made in the payment of said promissory notes or any of them, or any installment of interest on said notes when due, the same shall be due and payable according to the tenor and effect thereof, then the said H. Becher or his successor in this trust, shall be and is hereby authorized and empowered when requested so to do by the legal owner and holder of said notes or any of them, after such default, to sell said property at public auction for cash at the door of the county court house of Bexar County, Texas, after having given public notice of the time and place of such sale as now prescribed by the Statutes of the State of Texas for the purpose of making judicial sales;

AND WHEREAS, the said D. R. Williams has defaulted in the payment of interest and the said A. Becher has declared all of said notes due and payable and requested the said H. Becher as such trustee, to proceed and sell said property in the manner provided in said deed of trust for the purpose of satisfying said debt;

THEREFORE, I, H. Becher, trustee, will, on the 2nd day of September, A. D., 1913, between 10 a. m. and 4 p. m., same being the first Tuesday in said month, at the Court House door of Bexar County, Texas, proceed to sell at public outcry to the highest bidder for cash, the above described property for the purpose of satisfying the above described notes, and upon such sale, will execute to the purchaser thereof a good and sufficient deed conveying the title to said property to the said purchaser, and will otherwise conform to and perform the duties required in said deed of trust of me as such trustee.

WITNESS MY HAND, this 25th day of July, A. D., 1913.

H. BECHER, Trustee.

Kidney Trouble began with a lame back
J. L. Hackl, 915 Eight St., Lincoln, Ill., was recently cured of a bad case of kidney trouble that started with a lame back and says: I am certainly thankful of getting a cure of my kidney trouble by using Foley Kidney Pills. Backache, weak and lame back with soreness over the kidneys, sharp pains, rheumatism, dull headache, and disturbed sleep, are all indications of trouble that Foley Kidney Pills will relieve quickly and permanently. They contain no habit forming drugs.

It is safe to assume that most of the wise ones, who lay down rules and regulations for keeping cool in warm weather, don't have to work for a living.

Foiling A Health Stealer.
The daughter of A. Mitchell, Radcliff, Ky., had a bad case of kidney trouble and they feared her health was permanently impaired. Mr. Mitchell says, "was in a terrible shape but I got her to take Foley Kidney Pills and now she is completely cured." Women are more liable to have kidney trouble than men and will find Foley Kidney Pills a safe dependable and honest medicine that contains no habit forming or habit forming drugs.

Maybe some people's prayers are answered to their satisfaction because they ask for too much.

Costly Treatment.
"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Hines, of Whitlow, Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked right along. I used them for some time and am now all right." Sold by W. H. Windrow.

Occasionally, when a girl marries, her father is the "happy man."

Sallow complexion comes from various impurities in the blood and the fault lies with the liver and bowels—they are torpid. The medicine that gives results in such cases is HERRING. It is a fine liver stimulant and bowel regulator. Price 50c. Sold by W. H. Windrow.

WHETHER YOU USE CALOMEL OR NOT

You Will Realize How Much Better For You This Safe Vegetable Remedy Will Be

The liver is such a delicate organ that most people have learned from experience the danger of flogging it into action with the dangerous drug—calomel. W. H. Windrow's drug store sells and recommends Dodson's Liver Tone, a pleasant-tasting harmless vegetable liquid that encourages the liver, relieves constipation and biliousness without restriction of habit or diet.

There are no bad after-effects from taking Dodson's Liver Tone. It does just what it is intended to do and no more. Dodson's Liver Tone cannot harm either children or grown-ups and is an excellent preventive of chronic liver troubles.

W. H. Windrow's drug store sells Dodson's Liver Tone for 50 cents per bottle and every bottle sold is guaranteed to give satisfaction, and you get your money back without a question if it fails you. Some remedies are sold in imitation of Dodson's Liver Tone—look out for them. Remember the guarantee.

Paint?

There are two good reasons for painting often-enough or even too-often. One, to look prosperous; two, to be so.

Nothing does one more credit or gives one more credit than paint, supplemented of course by what goes with it; and paint costs nothing.

True, the first cost is \$5 or \$6 a gallon put-on; but it saves more than that in the property; saves it from slow going-down—not always slow—it drops with a jump when water gets in on wood and iron.

Dry wood and iron cost nothing, kept dry by paint.

Better paint when it needs it. Paint never goes-down in the sense of being more profitable next year.

Woman's Missionary Society.

Fourteen members of the Woman's Missionary Society met at the church Monday afternoon.

The President, Mrs. Monkhous, read the 15th Psalm for a scripture lesson, after which Mrs. Fred led in prayer.

Reports were heard from the various officers and each of these reports show that our little band is steadily gaining not only in membership but from a financial stand-point.

The next meeting will be a "study meeting" and will be held at the church Monday afternoon, August 18th. We will be glad to have all who can attend these meetings and even if you are not a member we believe you will enjoy spending an afternoon with us.
